1st workshop on "Physics performance studies at FAIR and NICA" (FANI-2020 #1)

Thursday 27 August 2020

Collective flow: Day 2 (14:00-18:40)

- Conveners: Bilandzic, Ante

time	title	presenter
14:00	Performance for charged hadrons anisotropic flow measurements in CBM at FAIR	GOLOSOV, Oleg
14:30	Identified charged hadron flow in MPD at NICA	PARFENOV, Petr
15:00	Application of multi-particle techniques for flow analyses in CBM at FAIR	BILANDZIC, Ante
15:30	COFFEE BREAK	
15:50	Anisotropic flow of Lambda hyperons in MPD at NICA	GERAKSIEV, Nikolay
16:20	Performance for lambda hyperon anisotropic flow measurements in CBM at FAIR	LUBYNETS, Oleksii
16:50	Methods for event plane determination in flow measurements with HADES at SIS18	MAMAEV, Mikhail
17:20	Discussion
